**Keep your groceries fresh and frozen!**  
**Keep a Kooler in your car!**

## Grocery Cooler

Perfect for catering  
Transport hot or cold foods  
with ease. Keeps them at  
the ideal temperature for  
freshness and safety.

Groceries are expensive, and you can't afford to have food go bad before you even get it home! The ComboKooler™ is perfect for bringing home refrigerated or frozen foods from the grocery store. On a hot day, just getting your food home from the store can considerably reduce its shelf-life. A ComboKooler™ in your trunk will help keep your dairy products cold, your meat and fish fresh, and your ice cream frozen! Can be used in conjunction with our KoolerGel™ or with bagged ice. Can also be used alone on shorter trips.

## Keeps Hot Foods Hot

## Hot or cold!

The insulating properties of the ComboKooler™ works with frozen or cold foods to keep the inside nice and frosty, even without a cooling source! Same goes for transporting hot foods!

## Keeps Drinks Icy Cold!

## Features

Double insulated flap top ensures maximum cool!  
Removable liner for easy clean-up. Has the same anti-microbial, radiant barrier liner as our original Trophy Bag Kooler™.
